

## COOS HARBOR SAFETY MEETING MINUTES

Oct 13, 2022 @ 1300hrs

Meeting called to order

Attendees introduced.

No new members.

Secretary Ryan Walrod stepped out of his role on the board and Chase Messerle was voted into the Secretary position on the board.

North Jetty – There was a protest for the bidding and has gone to court. Hoping to hear back from the judge in the next 30 days on the decision to go forward with the \$68 million project. Update will be sent out for this.

Dredging – Charleston Marina dredging will be done by Thanksgiving. Dredging project is complete for GMA, OCT and RFP. River mile 12 – 15 didn't get dredged yet, trying to get funding to do this project Next Summer.

Terminal 1 – The port is still working with a potential customer to ship product out. 110 acres. Hoping to have an agreement in the next few months with this customer. Planning to use as a marine terminal upon completion of dock repairs.

North Spit container project – Port has applied for a grant of 1.2 billion dollars. Still haven't heard whether they've been awarded (could hear back anytime now). Planning to use \$7 hundred million for the rail and \$5 hundred million on channel deepening. Total cost of project is 1.7 billion and North Point will be responsible financially for the terminal build.

Open discussion – Need better communication between rail bridge and vessel traffic. Port will help to resolve this issue.
